PROFILE

A full stack web developer and a life long learner, motivated to constantly develop skills and excited to grow professionally in the web development field.

EXPERIENCE

WEB DEVELOPMENT IMMERSIVE PROGRAM

General Assembly | Jan 2018 - Apr 2018

- Completed 4 web applications during a 600+ hour, 12 week full-time immersive bootcamp.
- Created Geo-Footprint a traveling log where users can record their trips. For this project I really wanted to challenge myself and make the app responsive. The front end was used using JavaScript and the back end was done using Ruby and Ruby on Rails.
- Created MotivationQ app a community of users that want to motivate each other. The back end was done using Ruby on Rails and the front end was made using JavaScript.
- Worked in a team to create Jump-Ahead a app where companies can build their own blogs and web pages. For the back end used MongoDB and the front end used JavaScript.

HEALTHY LIVING PROFESSIONAL

YMCA | Aug 2016 - Jan 2018

- Helped members with developing workout routines
- Assisted with form and safety in the execution of those routines

LEAD BARTENDER

Harvard Club of Boston | Sep 2007 - Jan 2018

- Promoted from lead busboy to waiter to lead bartender

EDUCATION

BACHELOR OF EXERCISE AND HEALTH SCIENCES

University of Massachusetts- Boston | 2012 - 2015

ASSOCIATE OF ARTS IN BUSINESS

Bunker Hill Community College | 2009 - 2011
